Manual Screen Protector

HOW TO STICK THE FILM

- Caution**
- Do not cover the front camera with the film when putting it on.
- If dirt and oil remain on the LCD screen, you may not be able to successfully attach the film.
- If dust remains on the LCD screen, it will cause the LCD screen to be scratched.
- Be careful not to touch the sticking surface of the LCD screen protection film, and to prevent fingerprints and dust from sticking when attaching it.

Before attaching ●Place the film on the LCD screen and make sure that it is aligned.

Protection film structure

2

* When using the squeegee to apply the film, be extra careful not to use excessive pressure to avoid damage to your screen and the film.

USEFUL TIPS

How to remove air bubbles

If bubbles remain after attaching the LCD protection film, lightly press the bubbles with your fingers and move it to the edge of the film. Small air bubbles become smaller and less noticeable over time.

* Depending on the size, some air bubbles may not disappear.

* Applying excessive pressure may cause damage to the screen.

* Do not use your fingernails to remove the air bubbles.

Precautions on use

● Due to the nature of this product, the pen tip may wear out depending on the material when you use Apple Pencil or other stylus pens. Please note it in advance.

● Depending on the type of covers or cases, they may not be used with the product.

● This product is a film to protect the LCD screen of a compatible main unit. Please do not use it in any other way. ● This product does not completely prevent scratches and dirt on the LCD screen. ● Be sure to observe the following when using it. Please do not use it other than with compatible equipment. Please confirm that this product is properly attached to the main unit before use. ● Please avoid exposing the film to high temperatures, humidity and direct sunlight, because this may cause deformation or deterioration of this product and the main unit of the equipment. ● Please understand that Elecom is not responsible for any damage or breakdown of equipment, loss of data, compensation for damages, mental damage, lost profits and the like. ● For any damage to this product, except for cases where there is intentional or gross negligence by our company, our company's liability for damages, such as default and illegal acts, will be limited to the purchase price of this product. ● When you find damage, deformation, or deterioration, please stop using immediately. ● Do not allow alcohol, children. ● Due to the nature of the material, this product may discolor with time. ● Please be aware that we cannot assume responsibility for damaging the film or damaging the screen when pasting or peeling the film. ● Due to the nature of this product, the film may get stuck and peel off when putting it in and taking it out from bags and similar places. ● Due to the nature of the film, sebum may attach to it. Please wipe with a soft cloth if the stain becomes noticeable.

Aufkleben des LCD-Bildschirmschutzfolie

Vorsicht

- Bitte drücken Sie den LCD-Bildschirm nicht zu stark, um Blasen zu entfernen. Dies kann zu Beschädigungen oder zum Ausfall des Geräts führen.
- Bedecken Sie beim Anbringen der Folie nicht die Frontkamera.
- Wenn Schmutz und Öl auf dem LCD-Bildschirm verbleiben, können Sie ihn möglicherweise nicht erfolgreich anbringen.
- Wenn Staub auf dem LCD-Bildschirm zurückbleibt, wird dieser kratzen.
- Achten Sie darauf, die Klebefläche der LCD-Bildschirmschutzfolie nicht zu berühren oder Fingerabdrücke und das Anhaften von Staub beim Anbringen zu vermeiden.

Vor dem Anbringen ●Folie auf den LCD-Bildschirm legen und sicherstellen, dass sie korrekt ausgerichtet ist.

Protector de pantalla

Cómo pegar la película protectora de pantalla LCD

- Precaución
 - Tenga cuidado de no cubrir la cámara delantera con la película cuando la ponga.
 - Si quedan restos de suciedad y aceite en la pantalla LCD, es posible que no pueda ponerla correctamente.
 - Si hay restos de polvo en la pantalla LCD, hará que se raye la pantalla LCD.

■ Antes de colocar ● Coloque la película en la pantalla LCD y asegúrese de que esté alineada.

Estructura de la película de protección

Un consejo

■ Cómo eliminar las burbujas de aire

Burbujas de aire
Coloque una cinta adhesiva en el borde de la película y levante la cinta adhesiva para que salga el borde de la película. Si el borde de la película no se despega, repita la operación.

Precauciones de uso

- Debido a la naturaleza de este producto, la punta del bolígrafo puede desgastarse en función del material cuando usas Apple Pencil u otro lápiz óptico.
- En función del tipo de funda o estuche, es posible que no se utilicen con el producto.
- Este producto es una película para proteger la pantalla LCD de la unidad principal compatible. No lo utilice para otro fin.
- Este producto no evita completamente los arañazos y la suciedad en la pantalla LCD.
- Tenga en cuenta las siguientes observaciones cuando lo utilice. No lo utilice con equipos que no sean compatibles. Confirme que este producto está correctamente colocado en la unidad principal antes de su uso.
- Utilícelo y manténgalo evitando altas temperaturas, humedad y luz solar directa, ya que puede deformar o deteriorar este producto y la unidad principal del equipo.
- Gracias por entender que no somos responsables por cualquier daño o avería en los equipos, pérdida de datos, daño mental, pérdida de beneficios, etc.
- Por daños de este producto, excepto en los casos donde existe negligencia grave o intencionada por parte de nuestra empresa, la responsabilidad de la empresa por daños y perjuicios como actos ilegales y predeterminados se limitará al precio de compra de este producto.
- Si parece que el producto está dañado, deformado o deteriorado, deje de utilizarlo inmediatamente.
- No deje que alcohol, otros productos químicos, detergentes y productos similares se adhieran a este producto.
- No limpie este producto con un paño duro.
- Mantenga este producto fuera del alcance de los niños.
- Debido a la naturaleza del material, este producto puede decolorarse con el tiempo.
- Debido a la naturaleza de este producto, la película puede pegarse y despegarse cuando se introduce/saca de una bolsa o artículo parecido.
- Debido a la naturaleza de la película, el sebo puede adherirse a ella. Limpie con un paño suave si s nota la mancha.

Manuale Pellicola protettiva

Come fissare la pellicola protettiva LCD

■ Attenzione

- Non coprire la fotocamera frontale con la pellicola durante il posizionamento.
- Se sullo schermo LCD sono presenti sporco e olio, il fissaggio potrebbe non avvenire con successo.
- Se sullo schermo LCD è presente della polvere, esso verrà graffiato.
- Come illustrato in figura.

■ Prima del fissaggio ● Posizionare la pellicola sullo schermo LCD e assicurarsi che sia allineata.

Struttura della pellicola protettiva

1

Suggerimento puntuale

■ Come rimuovere le bolle d'aria

- Se dopo aver fissato la pellicola protettiva le bolle d'aria, premere leggermente con le dita o appoggiare ai bordi del dispositivo. Col tempo, le piccole bolle d'aria diventano più piccole e meno visibili.
- * A seconda delle dimensioni, alcune bolle d'aria potrebbero non scomparire.
- * L'applicazione di una pressione eccessiva potrebbe causare danni allo schermo.
- * Non usare le unghie per rimuovere le bolle d'aria.

■ Come rimuovere la pellicola fissata

- Fissare del nastro adesivo sul bordo della pellicola e sollevarlo per rimuovere il bordo stesso. Se i bordi della pellicola non si è staccato, ripetere l'operazione.

Precauzioni d'uso

- A causa della natura di questo prodotto, la punta della penna può usarsela a seconda del materiale quando si utilizza Apple Pencil o altre penne stilografiche. Si prega di prendere atto in anticipo.

■ Alcuni tipi di copertura o custodie non possono essere utilizzati con questo prodotto.

- Questo prodotto è una pellicola che protegge lo schermo LCD dei dispositivi compatibili. Non utilizzare per scopi diversi.
- Questo prodotto non prevede completamente la formazione di graffi e sporco sullo schermo LCD.
- Assicurarsi di osservare le seguenti precauzioni durante l'uso. Non utilizzare su dispositivi diversi da quelli compatibili. Verificare che questo prodotto sia correttamente fissato al dispositivo prima dell'uso.
- Utilizzare e conservare al riparo da alte temperature, umidità e luce solare diretta, poiché possono causare deformazioni o deterioramento del prodotto e del dispositivo.
- Tiraregraziamo per voler comprendere che non siamo responsabili di eventuali danni o guasti del dispositivo, perdita di dati, risarcimento danni, danni psicologici, perdita di profitti e simili.
- In caso di danni del prodotto, fatti eccezionali per i casi di intenzionalità o grave negligenza della nostra azienda, la responsabilità della stessa per danni quali inadempienze e atti illeciti sarà limitata al prezzo di acquisto del prodotto.
- Case in dati, deformazioni o deterioramento, interrompere immediatamente l'uso.
- Non lasciare che alcol, altri composti chimici, detergenti o simili aderiscono al prodotto.
- Non pulire il prodotto con un panno ruvido.
- Tenere fuori dalla portata dei bambini.
- A causa della natura del materiale, nel tempo il prodotto può scolorire.
- Tenere presente che non assumiamo alcuna responsabilità per danneggiamenti dello schermo durante il fissaggio o la rimozione della pellicola.
- A causa della natura del prodotto, la pellicola potrebbe rimanere attaccata ed essere rimossa dal dispositivo durante l'inserimento o l'estrazione da borse o simili.
- A causa della natura della pellicola, possono verificarsi depositi di sebo. Se la macchia è visibile, pulire con un panno morbido.

液晶保護フィルム

液晶保護フィルムの貼り方

■ご注意

- フロントカメラなどに重ならないように注意して貼り付けてください。
- 気泡を抜くために液晶画面を強く押すことはおやめください。機器本体の破損や故障の恐れがあります。
- 気泡が入った場合は一度液晶保護フィルムをはがし、再度貼り直してください。
- イラストはイメージです。

■貼る前に ●液晶画面にフィルムをあて、貼り付け位置をご確認ください。

フィルムの構造

1

ワンポイントアドバイス

■ 気泡の抜き方

- フィルムを貼った後に気泡が残った場合は、指で気泡を軽く押し出しフィルムの端まで動かし抜きます。小さな気泡は時間の経過とともに小さくなり目立たなくなります。

*

*

*

*

* 気泡のサイズによっては、気泡が消えない場合もあります。

* 強く押すと画面が破損する恐れがあります。

* 気泡を直接爪で立てるよりもよいとしてください。

使用上のご注意

● 本製品の特性上、Apple Pencil やその他のタッチペンをご使用されるときには先が摩耗する場合がありますので、あらかじめご了承ください。

● 本製品をご使用の際はケースなどの種類により装着できない場合があります。

- 本製品は機器本体の液晶画面への傷や汚れを完全に防止するためではありません。他の用途ではご使用にならないでください。
- 本製品は機器本体に本製品がきちんと貼付されていることをご確認ください。
- 本製品及び機器本体の変形や劣化の原因になりますので、高温・多湿・直射日光を避けてご使用・保管してください。
- 機器本体の破損や故障、データの損失、消滅などについはその責任を負いかねますのでご了承ください。
- アルコール類、またはその他の薬品・洗剤等を本製品に付着させないでください。
- 硬い布で本製品を拭かないでください。
- 乳幼児の手が届かないところに保管してください。
- 本製品は素材の特性上、時間と共に変色する可能性があります。
- フィルムの貼り付けははがす際の画面の破損・損傷については責任を負いかねますのでご了承願います。
- フィルムの特性上、皮膚が付着する場合があります。
- フィルムの特性上、汚れが目立つ場合は、やわらかいカバンなどで拭いてご使用ください。

螢幕保護膜

如何貼膜

- 注意
 - 貼膜時，請勿用貼膜覆蓋前置鏡頭。
 - 如果污垢和油污殘留在液晶螢幕上，您可能無法成功貼膜。
 - 如果灰塵殘留在液晶螢幕上，會導致液晶螢幕劃傷。
 - 請小心不要觸摸液晶螢幕保護膜的黏性面，並防止在貼膜時沾到指紋和灰塵。

■ 貼膜前 ● 將保護膜放在液晶螢幕上並確保對齊。

保護膜結構

實用提示

■ 如何移除氣泡

如果貼上液晶保護膜後仍有氣泡，請用手指輕輕按壓氣泡並將其移到保護膜邊緣。小氣泡會隨著時間變小且更不明顯。

* 視氣泡大小而定，有些氣泡可能不會消失。

* 按壓力太小可能導致螢幕損壞。

* 請勿使用指甲移除氣泡。

使用注意事項

● 由於本產品的特性，根據材料的不同，使用 Apple Pencil 或其他觸控筆時筆尖可能產生磨損。請提前註明。

● 接觸蓋子或殼套的觸控筆，它們可能不會與產品一起使用。

本產品是用於保護相容主機液晶螢幕的保護膜。請勿以任何其他方式使用本產品。● 本產品無法完全防止液晶螢幕上出現劃痕和灰塵。● 使用本產品時，請務必注意以下事項。請勿在相容設備以外的地方使用本產品。使用前，請確認本產品是否已正確安裝在主機上。● 請避免將保護膜暴露在高溫、潮濕和陽光直射下，因為這可能會導致本產品和設備主機變形或變質。● ELECOM 不對任何設備損害或故障、資料遺失、損害賠償、精神損害、損失利潤等事項負責，請見諒。● 對於本產品的任何損壞、除本公司故意或重大過失的情況外，本公司對違約和違法行為為損害賠償責任僅限於本產品的購買價格。● 當您發現損壞、變形或變質時，請立即停止使用。● 請勿讓本產品沾到酒精、其他化學物質、洗潔劑等物品。● 請不要使用硬布擦拭本產品。● 請將其放置在兒童接觸不到的地方。● 由於材料的特性，本產品可能會隨著時間變色。● 請注意，我們不承擔在黏貼或撕下保護膜或螢幕損壞的責任。● 基於本產品的特性，在將裝置放入袋子或自其中取出時，保護膜可能會卡住或剝落。● 由於保護膜的性質，皮脂可能會附在其上。如果污漬變得更明顯，請用軟布擦拭。

材料 液晶保護膜：PET（黏貼表面：矽）

Manual Pelindung Layar

CARA MELEKATKAN FILM

■ Perhatian

- Jangan tutup bagian depan kamera dengan film saat melekatkan.
- Jika terdapat debu atau minyak pada layar LCD, Anda akan mengalami kesulitan saat melekatkan film.
- Jika terdapat debu pada layar LCD, layar LCD dapat tergores.
- Hati-hati tidak menyentuh permukaan film pelindung layar LCD yang akan dilekatkan, dan usahakan sidik jari dan debu tidak menempel saat melekatkan.
- Jangan menekan layar LCD dengan kuat saat menghilangkan gelembung. Hal ini dapat merusak atau menyebabkan kegagalan unit utama.
- Apabila terdapat gelembung, lepaskan film pelindung layar sekali dan lekatkan kembali.
- Gambar yang tertera hanya untuk ilustrasi.

■ Sebelum melekatkan ● Pasang film pada layar LCD dan pastikan sudah sejajar.

Struktur film pelindung

1

Matikan perangkat Anda dan bersihkan debu pada layar dengan kain pembersih yang disertakan.

* 濕水可能會殘留在保護膜上。使用裝置前，請先用隨附的清潔布擦拭。

* 使用刮刀貼上保護膜時請格外小心，不要過度施加壓力以免損壞螢幕和保護膜。

TIPS BERMANFAAT

■ Cara menghilangkan gelembung udara

Jika gelembung tetap ada setelah melekatkan film pelindung LCD, tekan perlahan gelembung dengan jari Anda dan pindahkan ke bagian pinggir film. Gelembung udara kecil menjadinya lebih kecil dan kurang terlihat dari waktu ke waktu.

* Tegangan pada ukurannya, beberapa gelembung udara mungkin tidak akan hilang.

* Tekanan berlebih dapat menyebabkan kerusakan pada layar dan film Anda.

* Jangan gunakan kuwu untuk menghilangkan gelembung udara.

■ Untuk melepas film yang terpasang

Pasang selotip Scotch di bagian pinggir film dan angkat selotip Scotch sehingga bagian pinggir film terlepas. Jika bagian pinggir film tidak terlepas, coba ulangi lagi.

* Lem mungkin tertinggal pada film. Seka dengan kain pembersih yang disertakan sebelum menggunakan perangkat.

* Label pelepas (3)

Tahan untuk melepas label dan lepaskan lembar pelindung [2] sambil perlahan-lahan mendorong udara keluar menggunakan raket dan lekatkan bagian film lainnya ke layar LCD Anda.

* Saat menggunakan raket untuk memasang film, jangan menggunakan tekanan berlebih untuk menghindari kerusakan pada layar dan film Anda.

* Lem mungkin tertinggal pada film. Seka dengan kain pembersih yang disertakan sebelum menggunakan perangkat.

* Label pelepas (2)

Manual Screen Protector

HOW TO STICK THE FILM

Caution

● Do not cover the front camera with the film when putting it on. ● If dirt and oil remain on the LCD screen, you may not be able to successfully attach the film. ● If dust remains on the LCD screen, it will cause the LCD screen to be scratched. ● Be careful not to touch the sticking surface of the LCD screen protection film, and to prevent fingerprints and dust from sticking when attaching it. ● Please do not press the LCD screen strongly to remove bubbles. It may damage or cause failure of the main unit. ● Once bubbles get in, please peel off the LCD screen protection film once and attach it again. ● The images are for illustration purposes only. ● When using the squeegee to apply the film, be extra careful not to use excessive pressure to avoid damaging your screen and the film.

● Before attaching ● Place the film on the LCD screen and make sure that it is aligned.

Protection film structure

1

1

Turn off your device and wipe off the dirt on the screen with the included cleaning cloth.

2

2

Remove the label of the affixing sticker.

3

3

Align and stick the film on the LCD screen using the affixing sticker.

4

4

Remove protective sheet [1] and affix the protection film to your LCD screen.

5

5

Remove the affixing sticker from your LCD screen.

6

6

Remove protective sheet [2] while slowly pushing the air out using the squeegee and affix the rest of the film onto your LCD screen.

7

7

Finally, remove the sheet that is attached to the surface of the film before using your device.

* Depending on the type of product, glue may remain on the film. Wipe it off with the included cleaning cloth before using your device.

USEFUL TIPS

To remove air bubbles

If bubbles remain after attaching the LCD protection film, lightly press the bubbles with your fingers and move it to the edge of the film. Small air bubbles become smaller and less noticeable over time.

* Depending on the size, some air bubbles may not disappear.

* Applying excessive pressure may cause damage to the screen.

* Do not use your fingernails to remove the air bubbles.

To peel off the attached film

Please attach a Scotch tape on the edge of the film and lift the Scotch tape so that the edge of the film comes off. If the edge of the film does not peel off, please do it again.

How to take out this product

The film is affixed to the packaging sheet. To take out this product, pull the packaging sheet towards you.

* The accessories are affixed to the other side of the packaging sheet.

Precautions on use

Depend on the type of covers or cases, they may not be used with the product.

● This product is a film to protect the LCD screen of a compatible main unit. Please do not use it in any other way. ● This product does not completely prevent scratches and dirt on the LCD screen. ● Be sure to observe the following when using it. Please do not use it other than with compatible equipment. Please confirm that this product is properly attached to the main unit before use. ● Please avoid exposing the film to high temperatures, humidity and direct sunlight, because this may cause deformation or deterioration of this product and the main unit of the equipment. ● Please understand that Elecom is not responsible for any damage or breakdown of equipment, loss of data, compensation for damages, mental damage, lost profits and the like. ● For any damage to this product, except for cases where there is intentional or gross negligence by our company, our company's liability for damages, such as default and illegal acts, will be limited to the purchase price of this product. ● When you find damage, deformation, or deterioration, please stop using immediately. ● Do not allow alcohol, other chemicals, detergents, and the like to stick to this product. ● Please do not wipe this product with a hard cloth. ● Please keep out of reach of children. Due to the nature of the material, this product may discolor with time. ● Please be aware that we cannot assume responsibility for damaging the film or damaging the screen when pasting or peeling the film. ● Due to the nature of this product, the film may get stuck and peel off when putting it in and taking it out from bags and similar places. ● Light marks may remain when the film is applied to your screen, but they will become less noticeable over time.

Bedienungsanleitung Displayschutzfolie

Aufkleben der LCD-Bildschirmschutzfolie

Vorsicht

● Bedecken Sie beim Anbringen der Folie nicht die Frontkamera. ● Wenn Schmutz und Öl auf dem LCD-Bildschirm verbleiben, können Sie ihn möglicherweise nicht erfolgreich anbringen. ● Wenn Staub auf dem LCD-Bildschirm zurückbleibt, wird dieser zerkratzt. ● Achten Sie darauf, die Klebefläche der LCD-Bildschirmschutzfolie nicht zu berühren oder Fingerabdrücke und das Anhaften von Staub beim Anbringen zu vermeiden. ● Bitte drücken Sie den LCD-Bildschirm nicht zu stark, um Blasen zu entfernen. Dies kann zu Beschädigungen oder zum Ausfall des Gerätes führen. ● Sobald Blasen eindringen, entfernen Sie bitte einmal die LCD-Bildschirmschutzfolie und bringen Sie diese erneut an. ● Die Abbildung ist ein Bild. ● Beim Anbringen der Folie mit dem Folienrakel, nicht zu viel Druck ausüben, um Beschädigungen des Bildschirms und der Folie zu vermeiden.

● Vor dem Anbringen ● Folie auf den LCD-Bildschirm legen und sicherstellen, dass sie korrekt ausgerichtet ist.

Aufbau der Schutzfolie

1

Gerät ausschalten, Verschmutzungen auf dem Bildschirm mit dem beiliegenden Reinigungstuch abwischen.

2

Befestigungsetikett
Label des Befestigungsaufklebers entfernen.

3

Folie am LCD-Bildschirm ausrichten und mit dem Befestigungsetikett anbringen.

4

Abdeckfolie [1] mit Hilfe des entfern, Schutzfolie auf dem LCD-Bildschirm anbringen.

5

Befestigungsetikett
Befestigungsaufkleber vom LCD-Bildschirm entfernen.

6

Schutzfolie [2] entfernen, während Sie die Luft mit dem Folienrakel langsam herausdrücken. Die restliche Folie auf dem LCD-Bildschirm anbringen.

7

Zum Schluss die an der Oberfläche der Folie befestigte Schutzfolie entfernen, bevor Sie Ihr Gerät verwenden.

* Je nach Produkttyp können Klebstoffreste auf der Folie verbleiben. Vor der Verwendung Ihres Geräts, mit dem beiliegenden Reinigungstuch abwischen.

Ein-Punkt-Tipps

So entfernen Sie Luftblasen

Wenn nach dem Anbringen der LCD-Bildschirmschutzfolie Blasen zurückbleiben, drücken Sie sanft mit den Fingern auf die Blasen und bewegen Sie diese an den Rand der Folie. Kleine Luftblasen werden mit der Zeit kleiner und weniger auffällig.

Zum Abziehen der angebrachten Folie

Bitte kleben Sie ein Klebeband auf den Rand der Folie und heben Sie das Klebeband so an, dass sich der Rand der Folie löst. Wenn sich der Rand der Folie nicht ablöst, wiederholen Sie den Vorgang.

* Je nach Größe verschwinden einige Luftblasen möglicherweise nicht.

* Die Anwendung von übermäßigem Druck kann das Display beschädigen.

* Verwenden Sie nicht Ihre Fingernägel, um die Luftblasen zu entfernen.

Technische Daten

Dieses Produkt herausnehmen

Die Folie ist auf der Verpackungsfolie befestigt. Um das Produkt herauszunehmen, ziehen Sie die Verpackungsfolie zu sich hin.

Vorsichtsmaßnahmen bei der Verwendung

Je nach Art der Hülle oder Etui kann diese nicht mit dem Produkt verwendet werden.

● Dieses Produkt ist eine Folie zum Schutz des LCD-Bildschirms eines kompatiblen Geräts. Bitte verwenden Sie es nicht für andere Anwendungszwecke. ● Dieses Produkt verhindert nicht vollständig Kratzer und Schmutz auf dem LCD-Bildschirm. ● Beachten Sie bei der Benutzung unbedingt die folgenden Hinweise. Bitte verwenden Sie nur kompatible Geräte. Bitte vergewissern Sie sich vor dem Gebrauch, dass dieses Produkt ordnungsgemäß am Gerät befestigt ist. ● Verwenden und lagern Sie es unter Vermeidung von hoher Temperatur, Feuchtigkeit und direkter Sonneneinstrahlung, da es zu Verformungen oder Schäden an diesem Produkt und der Hauptheit des Geräts führen kann. ● Bitte haben Sie Verständnis dafür, dass wir nicht für Schäden oder Ausfälle von Geräten, Datenverlust, Schadenersatz, psychische Schäden, entgangenen Gewinn und dergleichen haften. ● Für Schäden an diesem Produkt, außer in Fällen von Vorsatz oder grober Fahrlässigkeit seitens unseres Unternehmens, ist die Haftung unseres Unternehmens für Schäden wie Ausfall und unerlaubte Handlungen auf den Kaufpreis dieses Produkts beschränkt. ● Falls Sie eine Beschädigung, Verformung oder Abnutzung feststellen, stellen Sie die Anwendung bitte sofort ein. ● Lassen Sie Alkohol, andere Chemikalien, Reinigungsmittel und dergleichen nicht an diesem Produkt haften. ● Bitte waschen Sie dieses Produkt nicht mit einem harten Tuch ab. ● Bitte für Kinder unzugänglich aufbewahren. ● Aufgrund der Beschaffenheit des Materials kann sich dieses Produkt nicht mit einem harten Tuch abwaschen. ● Bitte beachten Sie, dass wir keine Verantwortung für die Beschädigung des Bildschirms beim Aufkleben oder Abziehen der Folie übernehmen können. ● Aufgrund der Beschaffenheit des Films kann sich Talg daran anlagern. Bitte mit einem weichen Tuch abwischen, wenn ein Fleck auftritt. ● Nach dem Anbringen der Folie auf Ihrem Bildschirm, können leichte Spuren zurückbleiben, die jedoch mit der Zeit weniger auffällig werden.

Manuel Protecteur d'écran

Comment coller le film protecteur de l'écran LCD

Attention

● Ne pas couvrir la caméra avant avec le film protecteur lorsque vous la mettez en marche. ● Si la saleté et le sébum restent sur l'écran LCD, vous ne serez peut-être pas en mesure de le fixer correctement. ● Si la poussière reste sur l'écran LCD, elle va rayer l'écran. ● Veillez à ne pas toucher la surface de collage du film protecteur de l'écran LCD, ou évitez que les traces de doigts et la poussière collent lors de la fixation de celui-ci. ● Veillez ne pas exercer de pression sur l'écran LCD pour enlever les bulles. Cela pourrait endommager ou provoquer une défaillance de l'unité principale. ● Une fois qu'il y a de bulles, veuillez décoller de suite le film protecteur de l'écran LCD et remettez-le à nouveau. ● L'illustration est une image. ● Lorsque vous utilisez la raclette pour appliquer le film, veillez à ne pas exercer une pression excessive pour éviter d'endommager votre écran et le film protecteur.

● Avant de fixer ● Placez le film sur l'écran LCD et assurez-vous qu'il est bien aligné.

Structure du film protecteur

1

Éteignez votre appareil et essuyez la saleté sur l'écran avec le chiffon de nettoyage fourni.

2

Gommette autocollante
Retirez l'étiquette de la gommette autocollante.

3

Alinez et collez le film sur l'écran LCD à l'aide de la gommette autocollante.

4

Feuille de protection [1]
Retirez la feuille de protection [1] à l'aide de et apposez le film protecteur sur votre écran LCD.

5

Gommette autocollante
Retirez la gommette autocollante de votre écran LCD.

6

Feuille de protection [2]
Retirez la feuille de protection [2] tout en poussant lentement l'air vers l'extérieur à l'aide de la petite raclette et collez le reste du film sur votre écran LCD.

7

Feuille de protection [2]
Enfin, retirez la feuille fixée à la surface du film avant

Manual Protector de pantalla

Cómo pegar la película protectora de pantalla LCD

■ Precaución

● Tenga cuidado de no cubrir la cámara delantera con la película cuando la ponga. ● Si quedan restos de suciedad y aceite en la pantalla LCD, es posible que no pueda ponerla correctamente. ● Si hay restos de polvo en la pantalla LCD, hará que se raye la pantalla LCD. ● Tenga cuidado de no tocar la superficie adherente de la película protectora de pantalla LCD, o evite que se peguen huellas dactilares y polvo al colocarla. ● No presione con fuerza la pantalla LCD para eliminar las burbujas. Puede dañar o hacer que falle la unidad principal. ● Una vez se hayan introducido burbujas, despegue la película protectora de pantalla LCD y colóquela otra vez. ● La ilustración es una imagen. ● Cuando use la espátula para aplicar la película, tenga mucho cuidado de aplicar demasiada presión para evitar que se dañe la pantalla y la película.

■ Antes de colocar ● Coloque la película en la pantalla LCD y asegúrese de que esté alineada.

Estructura de la película de protección

* Según el tipo de producto, es posible que quede pegamento en la película. Límpielo con el paño de limpieza que viene incluido antes de usar su dispositivo.

Un consejo

■ Cómo eliminar las burbujas de aire

Si todavía hay burbujas después de instalar la película protectora de pantalla LCD, presione ligeramente las burbujas con los dedos y muévalas hacia el borde de la película. Las pequeñas burbujas de aire desaparecerán casi completamente con el tiempo.

* En función del tamaño, es posible que algunas burbujas de aire no desaparezcan.

* Si presiona demasiado, se puede dañar la pantalla.

* No utilice las uñas para eliminar las burbujas de aire.

Manual Screen Protector

HOW TO STICK THE FILM

■ Caution

● Do not cover the front camera with the film when putting it on. ● If dirt and oil remain on the LCD screen, you may not be able to successfully attach the film. ● If dust remains on the LCD screen, it will cause the LCD screen to be scratched. ● Be careful not to touch the sticking surface of the LCD screen protection film, and to prevent fingerprints and dust from sticking when attaching it. ● Please do not press the LCD screen strongly to remove bubbles. It may damage or cause failure of the main unit. ● Once bubbles get in, please peel off the LCD screen protection film once and attach it again. ● The images are for illustration purposes only. ● When using the squeegee to apply the film, be extra careful not to use excessive pressure to avoid damaging your screen and the film.

■ Before attaching ● Place the film on the LCD screen and make sure that it is aligned.

Protection film structure

1 Turn off your device and wipe off the dirt on the screen with the included cleaning cloth.

2 Remove the label of the affixing sticker.

3 Align and stick the film on the LCD screen using the affixing sticker.

4 Remove protective sheet [1] and affix the protection film to your LCD screen.

5 Remove the affixing sticker from your LCD screen.

6 Remove protective sheet [2] while slowly pushing the air out using the squeegee and affix the rest of the film onto your LCD screen.

7 Finally, remove the sheet that is attached to the surface of the film before using your device.

* Depending on the type of product, glue may remain on the film. Wipe it off with the included cleaning cloth before using your device.

Scotch tape

Lift to peel off

* The accessories are affixed to the other side of the packaging sheet.

The film is affixed to the packaging sheet. To take out this product, pull the packaging sheet towards you.

* The accessories are affixed to the other side of the packaging sheet.

Precautions on use

● Depending on the type of covers or cases, they may not be used with the product.

● This product is a film to protect the LCD screen of a compatible main unit. Please do not use it in any other way. ● This product does not completely prevent scratches and dirt on the LCD screen. ● Be sure to observe the following when using it. Please do not use it other than with compatible equipment. Please confirm that this product is properly attached to the main unit before use. ● Please avoid exposing the film to high temperatures, humidity and direct sunlight, because this may cause deformation or deterioration of this product and the main unit of the equipment. ● Please understand that Elecom is not responsible for any damage or breakdown of equipment, loss of data, compensation for damages, mental damage, lost profits and the like. ● For any damage to this product, except for cases where there is intentional or gross negligence by our company, our company's liability for damages, such as default and illegal acts, will be limited to the purchase price of this product. ● When you find damage, deformation, or deterioration, please stop using immediately. ● Do not allow alcohol, other chemicals, detergents, and the like to stick to this product. ● Please do not wipe this product with a hard cloth. ● Please keep out of reach of children. ● Due to the nature of the material, this product may discolor with time. ● Please be aware that we cannot assume responsibility for damaging the film or damaging the screen when pasting or peeling the film. ● Due to the nature of this product, the film may get stuck and peel off when putting it in and taking it out from bags and similar places. ● Light marks may remain when the film is applied to your screen, but they will become less noticeable over time.

취급설명서 화면 보호 필름

필름 부착 방법

■ 주의

● 필름을 붙일 때 전면 카메라를 필름으로 덮지 마십시오. ● LCD 화면에 먼지와 기름이 남아 있으면 필름이 제대로 부착되지 않을 수 있습니다. ● LCD 화면에 먼지가 남아 있으면 LCD 화면에 긁힘이 발생할 수 있습니다. ● LCD 화면 보호 필름의 접착면을 만지지 않도록 주의하고, 부착 시 지문과 먼지가 달라붙지 않도록 주의하세요. ● 기포를 제거할 때 LCD 화면을 세게 누르지 마십시오. ● 본체가 손상되거나 고장이 발생할 수 있습니다. ● 기포가 들어가면 LCD 화면 보호 필름을 한 번 떼어내고 다시 부착하십시오. ● 이미지는 설명 목적으로만 사용됩니다. ● 스퀴즈를 사용하여 필름을 부착할 때 화면과 필름이 손상되지 않도록 과도한 압력을 가하지 않도록 주의하십시오.

■ 부착 전 ● LCD 화면에 필름을 놓고 정렬되었는지 확인합니다.

보호 필름의 구조

LCD 화면 보호 필름

1

기기의 전원을 꺼고 동봉된 청소용 천으로 화면의 먼지를 닦아냅니다.

2 부착용 스티커

부착용 스티커의 라벨을 제거합니다.

3 부착용 스티커를 사용하여 LCD 화면에 필름을 정렬하고 부착합니다.

4 보호 필름 [1]

사용하여 보호 시트 [1]를 제거하고 LCD 제거 화면에 보호 필름을 부착합니다.

5 부착용 스티커

LCD 화면에서 부착용 스티커를 제거합니다.

6 보호 필름 [2]

스퀴즈를 사용하여 공기를 천천히 밀어내면서 보호 시트 [2]를 제거하고 나머지 필름을 LCD 화면에 부착합니다.

7 마지막으로, 기기를 사용하기 전에 필름 표면에 부착된 시트를 제거하십시오.

보호 필름 [2]

스퀴즈를 사용하여 공기를 천천히 밀어내면서 보호 시트 [2]를 제거하고 나머지 필름을 LCD 화면에 부착합니다.

마지막으로, 기기를 사용하기 전에 필름 표면에 부착된 시트를 제거하십시오.

* 제품의 종류에 따라 필름에 접착제가 남을 수 있습니다. 기기를 사용하기 전에 동봉된 청소용 천으로 닦아내십시오.

보호 필름 [2]

스카치 테이프를 들어 올려 필름의 접착제를 벗겨지도록 하십시오. 필름의 접착제가 벗겨지지 않으면 다시 시도하십시오.

기포

* 크기에 따라 일부 기포는 사라지지 않을 수 있습니다.

* 고도한 압력을 가하면 화면이 손상을 입을 수 있습니다.

* 손톱을 사용하여 기포를 제거하지 마십시오.

제품을 꺼내는 방법

포장 시트에 필름이 부착되어 있습니다. 본 제품을 꺼내려면 포장 시트를 뒷면으로 당기십시오.

기포

* 맨세서리는 포장 시트의 다른 면에 부착되어 있습니다.
