

Green Procurement Standards of ELECOM Co., Ltd.

September 1, 2023 Ver.1.00

Contents

1. Purpose	3
2. Scope	3
3. Definitions of Terms.....	3
4. Requirements	4
5. Laws and regulations for reference.....	4
6. Confirmation of the status of our vendors' initiatives	5
7. Documents to be submitted	6
8. Certification Method	6
9. Notification of Change Control	7
10. Response in case of locating abnormalities or non-conformities	7
11. Target Chemical Substances	7
12. Revision history	17

1. Purpose

The Standards clarify the Controlled Substances, Information Communication, Survey Requests to Our Vendors, and Operation Methods for chemical substances contained in products, parts, materials, packaging and packing materials, sub-materials, etc. procured by ELECOM Co., Ltd. (hereinafter referred to as the “Company”), and are intended to observe laws, regulations, customer requirements, and industry standards.

2. Scope

It includes the following items that the Company procures (that are delivered to the Company).

1. Products to be delivered (including printed matters such as instruction manuals, etc. and packaging materials)
2. Parts and materials that comprise products (electrical and electronic parts, mechanical parts, semiconductor devices, printed circuit boards, etc.)
3. Packaging and packing materials (cardboard, cartons, etc.)
4. Accessories, service parts and manuals
5. Sub-materials (adhesive tapes, solder materials, adhesives, paints, varnishes, anti-rust oils, greases, impregnating oils, etc.)
6. Other items not listed above and specified by the Company

3. Definitions of Terms

Environmentally Hazardous Substances

Substances that may be hazardous to human health or ecosystems

Containing

The status of chemical substances persistent in the product, whether intentional or unintentional (added, mixed, adhered, etc.)

Homogeneous Materials

Materials not mechanically separable into different materials

Substances Subject to Control

Environmentally hazardous substances that are prohibited or restricted by laws and regulations and require control, or chemical substances that the Company uniquely controls and classifies into three categories: Prohibited Substances, Restricted Substances and Controlled Substances

Prohibited Substances

Substances that are prohibited to manufacture and use by laws and regulations in and outside of Japan, and that are prohibited to be intentionally contained in any intended use

Restricted Substances

Substances restricted by intended use of the product, purpose or location of inclusion, or percentage of inclusion

Environmental Management System

System that allows management of environmentally hazardous substances (ISO 14001, company standards, etc.)

Suppliers

External organizations that supply parts, materials, packaging and packing materials, sub-materials, etc. necessary for our vendors to manufacture their products

Subcontract Factories

External organizations to which our vendors outsource part or all of the production of the products they sell or their parts or materials

4. Requirements

Requirements for our vendors

1. Establishment and operation of environmental management systems
2. Observance of environmental laws, regulations, and treaties
3. Control of environmentally hazardous substances whose use is prohibited or restricted
4. Non-use of Prohibited Substances among our Substances Subject to Control
5. Management of use of environmentally hazardous substances at vendors' suppliers and subcontract factories
6. Acceptance of audit by the Company on the operation of the management system of our vendors, including their suppliers and subcontract factories
7. Submission of documentation requested by the Company, including survey questionnaires and non-use warranty
8. Management of contacts when changes occur
9. Reporting and cooperation for improvement when environmental nonconformities occur

5. Laws and regulations for reference

Legal regulations in Japan

- Act on the Regulation of Manufacture and Evaluation of Chemical Substances: Class I Specified Chemical Substances
- Industrial Safety and Health Act: Substances prohibited to be manufactured

- Act on the Protection of the Ozone Layer Through the Control of Specified Substances, etc. and Other Measures
- Act on Preventing Mercury Pollution of the Environment
- Act on the Regulation of Nuclear Source Material, Nuclear Fuel Material and Reactors
- Act on Prevention of Radiation Hazards due to Radioisotopes, etc.
- Act on the Promotion of Effective Utilization of Resources

Legal regulations and treaties of countries other than Japan

- [EU] POPs regulation (EC) No.850/2004
- [EU] RoHS Directive 2011/65/EU
- [EU] Annex XVII of REACH Regulation (EC) No.1907/2006 : Restricted Substances
- [EU] REACH Regulation (EC) No.1907/2006: Substances of Very High Concern for Authorization
- [EU] European Parliament and Council Directive on packaging and packaging waste 94/62/EC
- [EU] Battery Directive 2006/66/EC
- [US] Toxic Substances Control ACT (TSCA)
- [California, U.S.] The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65)
- (Treaty) Stockholm Convention on Persistent Organic Pollutants
- (Treaty) Montreal Protocol on Substances that Deplete the Ozone Layer

6. Confirmation of the status of our vendors' initiatives

Periodical Confirmation of Green Procurement Initiatives (2 phases)

- Conducting the survey (Phase 1: for all vendors)

Please respond to the Survey Questionnaire (for vendors/for managing subcontractors).

We confirm the management system etc. of environmentally hazardous substances for our vendors and their suppliers and subcontracting processes with the survey questionnaires.

During the survey, the Company may request the review or submission of manuals, rules and regulations, and records.

The Company may request improvements to vendors according to the survey results, or revisions to laws and regulations, etc.

The Company will conduct on-site audits (including suppliers and subcontracted factories) when necessary.

- On-site audit (Phases 2: conducted as needed)

Based on the results of the survey, the Company will conduct on-site audits of the management system for environmentally hazardous substances when necessary.

During the on-site audit, employees of the Company (including those in the group companies and contractors) will visit or conduct online (Webex, etc.) inspections of the management manual, operational status, subcontractor management status, production processes, etc.

The Company may request improvements based on the results of on-site audits.

The Company will inform you separately when it conducts an on-site audit.

7. Documents to be submitted

- Survey Questionnaire (for vendors/for managing subcontractors)

- Non-use Warranty

- chemSHERPA *Upon request from the Company

- Ingredient List *Upon request from the Company

- Parts Measurement Report (the latest one) *Upon request from the Company

8. Certification Method

By receiving a survey questionnaire, the Company evaluates the vendor's management system for environmentally hazardous substances, making a judgment on the content of the survey, and exchanging a non-use warranty.

The Company aims to improve its management system by conducting periodical surveys and on-site audits.

Sample measurement

When necessary, the Company will measure samples equivalent to those of mass-produced products to check for the presence or absence of Substances Subject to Control.

The Company requests the cooperation of vendors in submitting samples for measurement.

*If the measurement results indicate the presence of prohibited substances, the Company will require improvement.

9. Notification of Change Control

Any changes should be notified in advance and approved by the Company.

The Company will conduct an ad hoc survey and on-site audit when production sites (including subcontractor processes) change.

If part changes occur, sample measurements may be performed in addition to the ad-hoc survey.

10. Response in case of locating abnormalities or non-conformities

If a vendor confirms that a prohibited substance is contained in a product, the Company requests that the vendor immediately notify Company personnel and follow their instructions.

In the event that the inclusion in the market is found or sample measurement reveals the presence of a substance subject to control by the Company, the Company will contact the vendor. The Company will ask you for your cooperation in investigating the cause of the contamination, taking countermeasures, and responding to the situation and handling of the stocked product.

11. Target Chemical Substances

●Prohibited Substances (No.P001~P048)

No.	substances / groups of substances	CAS RN	Legal requirements, regulations
P001	Polychlorinated Biphenyls (PCBs) and specific substitutes	1336-36-3 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [USA] Toxic Substances Control Act (TSCA) [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P002	Polychlorinated naphthalenes	70776-03-3 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P003	Hexachlorobenzene	118-74-1	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P004	1,2,3,4,10,10-hexachloro- 1,4,4a,5,8,8a-hexahydro-exo-1,4-	309-00-2	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.

	endo-5,8-dimethanonaphthalene (synonym:Aldrin)		[EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P005	1,2,3,4,10,10-hexachloro-6,7- epoxy-1,4,4a,5,6,7,8,8a-octahydro- exo-1,4-endo-5,8- dimethanonaphthalene (synonym:Dieldrin)	60-57-1	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P006	1,2,3,4,10,10-hexachloro-6,7- epoxy-1,4,4a,5,6,7,8,8a-octahydro- endo-1,4-endo-5,8- dimethanonaphthalene (synonym:Endrin)	72-20-8	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P007	1,1,1-trichloro-2,2-bis(4- chlorophenyl)ethane (synonym:DDT)	50-29-3	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P008	Chlordane or Heptachlor	57-74-9 76-44-8 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P009	Bis(tributyltin) oxide (TBTO)	56-35-9	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.
P010	N, N'-ditolyl-p-phenylenediamine, N-tolyl-N'-xylyl-p- phenylenediamine, or N, N'-dixylyl- p-phenylenediamine	27417-40-9 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.
P011	2,4,6-Tri-tert-butylphenol	732-26-3	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [USA] Toxic Substances Control Act (TSCA)
P012	Toxaphene	8001-35-2	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P013	Mirex	2385-85-5	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.

			[EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P014	2,2,2-Trichloro-1-(2-chlorophenyl)-1-(4-chlorophenyl)ethanol 2,2,2-Trichloro-1,1-bis(4-chlorophenyl)ethanol (Kelthane or Dicofol)	10606-46-9 115-32-2	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P015	Hexachlorobutadiene (HCBD); hexachloro-1,3-butadiene	87-68-3	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [USA] Toxic Substances Control Act (TSCA) [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P016	2-(2H-1,2,3-Benzotriazol-2-yl)-4,6-di-tert-butylphenol; 2-benzotriazol-2-yl-4,6-di-tert-butylphenol (UV-320)	3846-71-7	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.
P017	Perfluoro(octane-1-sulfonic acid) or its salts ; Perfluorooctane sulfonic acid and its derivatives (PFOS)	1763-23-1 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P018	Perfluorooctane-1-sulfonyl fluoride	307-35-7	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.
P019	Pentachlorobenzene	608-93-5	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P020	Hexachlorocyclohexanes, including lindane	319-84-6 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P021	1,2,3,4,6,7,8,9,10,10-Decachloropentacyclo[5.3.0.0(2,6).0(3,9).0(4,8)]decan-5-one; Chlordane	143-50-0	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P022	Hexabromobiphenyl	36355-01-8 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc.

			[EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P023	Tetrabromo(phenoxybenzene) ; Tetrabromodiphenyl ether	40088-47-9 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
P024	Pentabromo(phenoxybenzene) ; Pentabromodiphenyl ether	32534-81-9 and others	[Japan] Act on the Evaluation of Chemical Substances and Regulation of Their Manufacture, etc. [EU] Persistent Organic Pollutants (POPs) Regulation (EC) No.850/2004
